

Submitter: Holly Elesky

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB698

I Holly Elesky oppose this bill. I feel this will only affect the law abiding citizens. This will not stop unlawful people from carrying into a public building to commit a crime. This bill will leave innocent law abiding citizens helpless in an unsafe situation unable to defend themselves, their families, and other helpless people.

Being a law abiding citizen with a CHL please consider my opposition to this bill.
