SB697

This a direct violation of constitutional rights for law abiding adults.

I oppose this bill. I oppose restricting the rights to own and possess firearms of voting eligible adults. I oppose this bill that will eliminate the time honored right to hunt game and use firearms for sporting purposes.

18 year old adults are old enough to serve the country, fight wars for the country, kill enemies for this country and this bill would not allow them to possess the very tools they served with.

I oppose this bill.
