Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or Topic: SB1154

I wholeheartedly oppose SB 1154. It gives more bureaucratic government oversight to a program that needs level headed tested and working solutions. Once again it appears that government wants the ability to strong arm the local decision making process at the expense of local property rights. No standards set in place to guide the process and takes away any citizen involvement to help come up with viable (common sense) solutions.

Respectfully,
Terry Swartwout
