SB697

I strongly oppose these age restrictions of purchasing firearms. This bill infringes on the constitutional rights of individuals who are legally adults. People this age can drive, vote, and die for their country as members of our military. Why would we think they lack the maturity to own and use firearms? This bill punishes thousands of people who have committed no crimes, and will not stop criminals of all ages from obtaining guns illegally. This bill only impacts the law abiding, which means that it will do nothing to make us more safe.
