Dear Lawmakers,

Please vote yes on this bill and stop the attacks and unfair disadvantages to rural Oregonians that has been created due to this wild fire zone map. Our church has a property that resides in this zone down in southern Oregon and it's become so unaffordable to pay for the insurance for the property which has put our church and our sister churches in a tough position where we are giving up an arm and a leg just to hold on to the property. This is very wrong and it should not be this way. Please repeal the wild fire map and all the burdensome regulations you have put on rural Oregonians who reside in this unfairly manufactured risk zones. Please vote YES on HB-3944. Thank you.

Sincerely,  
Chad Kernutt
