SB429

First off an "unfinished frame or receiver" a firearm, it's a component of a firearm, therefore it can't fire as a firearm so restricting the "unfinished frame or receiver" is absurd and an unnecessary burden being on Law abiding citizens.

By restricting a FFL transfer for 72 hours is a direct violation of the Oregon and US Constitution by preventing law abiding Citizens the right to bear Arms and restricting law abiding Citizens the necessary tools for self defense. This Bill also creates an unnecessary backlog of the system that already struggles to get background checks and FFL transfers done in a timely manner. The transfer system is already in dire need of revamping because it can't keep up with the demand and threats of budget cuts is going to make it even oregon of a mess so 72 hours can turn into any more days, weeks and months.
