

Submitter:	Mike Courtney
On Behalf Of:	myself
Committee:	Senate Committee On Judiciary
Measure, Appointment or Topic:	SB698

This bill would make criminals out of many background checked law abiding citizens, by creating a confusing atmosphere. The current law, preempting local restriction, has worked well, since it's inception. It is pointless to add confusion that will only affect those who have proven respect for legitimate law.

I urge a NO vote, on this bill.

Thank you!
