On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB1015

Dear Senate Judiciary Committee,

As a pediatrician I urge you to pass out to the floor SB 1015. Oregon is still waiting implementation of any good, sensible gun laws. SB1015 will at least give us a start on helping communities hard hit by gun violence to reduce it. I worked in such a community in north Portland for 35 years. The tragedies I saw you do NOT want to witness. This will not hurt legal gun owners or infringe on their rights.

thank you, Dr Virginia Feldman MD, FAAP.
