

Submitter: Michael Johnson

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure, Appointment or Topic: SB1187

This bill is extremely important for the legislature to adopt. It would cost taxpayers next to nothing and would hold polluters to account for the harms they have caused to us all. Those polluters need to pay for the damage they have done to Oregon's natural environment, one the the State most treasured resources. We cannot drag our feet on this, the time for action is now! Please pass this bill.
