

Submitter:	Elaine Lavington
On Behalf Of:	
Committee:	Senate Committee On Natural Resources and Wildfire
Measure, Appointment or Topic:	SB1154

As a rural landowner, I find the state and counties are overstepping their boundaries. Take care of the failing infrastructure in the cities and small towns in this state, and let the rural landowners take care of their own. No meters on wells and no trespassing on properties!! The cost of putting in a new well and drain field is easily in the \$50-60K range, if you start trying to meter everyone's wells, it's going to get expensive to the state and counties, as you will have to foot the bill on these because as taxpayers, you will have many lawsuits. We've had enough of the BS!!
