

Submitter: Craig Lacy
On Behalf Of: The Vocal Seniority Indivisible Bend
Committee: Senate Committee On Energy and Environment
Measure, Appointment or Topic: SB1187

To: Chairman Sollman and members of the Committee On Energy and Environment
From: Craig Lacy on behalf of The Vocal Seniority - Indivisible Bend a group of 700+ folks interested in improving our environment and the economy of Oregon.

We wish to lend our support to HB 1187 the Climate Superfund Bill. In Central Oregon we are witnessing many impacts of climate change and understand much of the cause is related to the burning of fossil fuels. We feel that the companies that have benefited financially by hurting our environment should be responsible for helping to understand the causes and improving those impacts in the future. This legislation will help do that. We want clean air, water and a healthy environment for our children and future generations. The time to act is now.

Polluters should pay to clean up the mess they have made,
Craig Lacy
