Measure, Appointment or Topic: SB149

Honorable Senator Floyd Prozanski and Senate Judiciary Committee Members
I strongly urge you to support the Dash 3 Amendment to SB 149.

The Dash 3 Amendment will allow entities like Salem For Refugees(SFR) to directly receive financial support. SFR has been doing refugee resettlement work since 2016. Salem For Refugees is an excellent organization that has been providing essential resettlement services to refugees from all over the world and doing so in a culturally responsible and respectful way. There is no better example of an organization walking alongside those who come from war and danger and offering individuals hope, essential stability, and an opportunity to thrive in their new community.

Thank You for your consideration,
Respectfully,
Joan Stembridge
