Committee:	Senate Committee On Natural Resources and Wildfire
Measure, Appointment or Topic:	SB1154

This bill poses a direct threat to rural Oregonians who use well water. Hard-working Oregonians should not be taxed and regulated to death over the rights to the water that naturally exists on their property. It costs enough to put in the wells to extract the water from the ground and the last thing our farmers and ranchers need is more taxation and regulation by the state. Therefore, I strongly oppose this bill.
