

Submitter: Holly Streight

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3372

As a 68 yr resident of o Oregon, I appreciate and respect the concern and effort of communities supporting themselves in any positive way they can. Fresh produce grown locally and purchased at farmers markets are an important part of a healthy and cohesive community and also help to sustain its citizens during potential food shortage's. Allowing small acreage to grow food and distribute locally is a win without hardship to water conservation.
