

Submitter: Lisa Livelybrooks

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB149

I urge you to support SB149, which would enable organizations that ordinarily support refugees to support non-refugee status immigrants. The funding that would follow this support would provide vital stability to newcomers in Oregon, as well as shoring up our valuable refugee service organizations which have been starved of promised federal funding. It is so much better to support these groups than try to rebuild them at a later time. Let's use the momentum that they have to work toward building our communities.

Thank you,  
Lisa Livelybrooks
