Committee: Joint Committee On Transportation

Measure, Appointment or Topic: SB1202

I live in Eastern Oregon (Halfway) and we have been trying to get The Pioneer Train back to our area. We've recently lost all bus transportation from Baker City. This mean we have no transportation options for other parts of the state. ODOT only seems to be focused on cars.

I think it is time for an Oregon Rail and Transit Dept.

I support SB 1202.
