

April 7, 2025

To the Subcommittee on Education,

I, Maybelle Salanga, am in support of a continuation of increased state funding for the OVDL. As a second-year veterinary student at the Carlson College of Veterinary Medicine at Oregon State University, it has been amazing and informative to witness the work and successes of the OVDL. OVDL is important for the health of animals as well as the protection of the environment and public health. I kindly appreciate your consideration.

Regards,

A handwritten signature in black ink that reads "Maybelle Salanga". The script is fluid and cursive, with a long horizontal flourish extending from the end of the name.
