

Submitter: Luanne Paresa

On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or Topic: SB1154

I am opposed . I have and continue to pay for my well . I have it tested regularly to maintain safe drinking water for my family. All at my expense. No government agency has ever compensated me for literally thousands of dollars for my well. It is in my opinion, government over reach onto my private property. I sincerely urge this committee to abort this bill as it is NOT in the best interest of the Oregon residents of which you are supposed to represent. My well is on my private property and the cost has always been paid for by me the home owner. Squash this bill and all others that have been written to include private property wells/ water. We will remember who to vote for next time.
