Keep your city laws out of our rural areas. We live in county to have our quiet lives and you want to come in and put more laws and rules out by us!? We don't want your city water. We don't want our wells drying up because of you tapping into them. We don't want you taxing us more just because we live outside city limits. You already screw on this fire map that literally is not even based on science. This govt over reach needs to stop.
