Stop government overreach! My private land and my private well are not for the state to regulate anymore than it already does. This Democrat has just switched to republican and will never vote for measures or politicians who support the ongoing growth of regulation and taxation! We've had enough! I can't afford to live on the ground I grew up on anymore! Any more burdens placed on me as a landowner will force me to take my money and my business elsewhere. Who you gonna tax and bully when we are all gone?
