

Submitter: Kathryn Menninger

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3372

I am writing in support of HB 3372-5. As someone who lives on the rural/urban divide this legislation affects my neighbors and community members. It is important now more than ever that we rely on local food to feed our communities. By limiting water usage by small farmers we force our communities to be reliant on food from other places that use more fossil fuels and water to get to us.
