Committee:	Senate Committee On Natural Resources and Wildfire
Measure, Appointment or Topic:	SB1154

I oppose this bill. I feel it violates our right. Also people with wells have to pay for the initial drilling of the well, initial cost of the pump and plumbing, the upkeep and replacement plus pay for the power to run the well! Is the State going to reimburse all of these costs? What about the fiscal impact of metering and regulating this violation of restricting our property rights!
