

Submitter: Zachary Robinson

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: SB1177

This is insane. The Oregon constitution states that an estimate will be made of the amount that will be collected in taxes and then if taxes collected exceed the threshold by a certain amount the money is to be refunded by the taxpayers. Now - because taxes exceed the amount estimated and the greedy legislatures think they want more money they are going to retroactively increase the estimate????

The idea in this bill is a violation of the clear intent of the Oregon constitution and should not even be considered.
