

Submitter:	Patrick Roelle
On Behalf Of:	
Committee:	Senate Committee On Natural Resources and Wildfire
Measure, Appointment or Topic:	SB1154

Please consider our rural homes and the incredibly large annual expenses associated with the maintenance of our water supply and our septic systems. We pay to maintain them, install them, and engineer them. We do not expect the state to do that for us, and therefore have no representation for this potential "tax" on our water systems. Please remain 'Hands Off' when considering this extreme proposal....
