Measure, Appointment or Topic:	SB1154

Please stop expanding government. Please stop the over reach. Please stay off your constituents private property. Please focus on the issues tearing Oregon apart. Please focus on exposing fraud in OUR government, we the people see it is happening with the incompetence of spending. Please focus on the homeless, drug use and human trafficking. These issues matter to Oregonians. We want our streets cleaned up. We want ODOT audited. We want pay cuts and layoffs in our bloated government. We want our children protected, we want our family values protected. We do not want more government taxes and regulations. People who have wells don't live in the city. We mind our own business, we respect differing opinions. We bought property with a well and water rights for specific reasons. Don't come after your country citizens! We live our lives as peacefully as we can on OUR owned property and we pay for water rights. Clean up your land and forests instead of coming after citizens privately owned land and wells with your greedy hands. Thank you.
