SB1054

I oppose both the premise and the action of this bill. As a trained and experienced election observer, I know that merely watching the process of an election does not beget confidence if the observer does not understand the what and why of it all, If the observer has been inducted into the cult of election conspiracies, misunderstanding is difficult to overcome. This bill only feeds that misunderstanding.

Implementing this bill would be very expensive for the already underfunded county clerks and I see no funding included in this bill.

Better to make an effort to stop the conspiracies and educate voters on the rigors of the process.
