

Submitter: Angela Nylund

On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or Topic: SB1154

We strongly oppose any State or Federal government passing legislation that includes actions related to our wells! A sand filter is well over 20k and well (pump etc.) maintaince is expensive! We need to insure that citizens can continue to replace/install a well without interference. We shouldn't need permission from anyone do ingredients something on our property!
