

Submitter:	Ty Collins
On Behalf Of:	Limited Government
Committee:	Senate Committee On Natural Resources and Wildfire
Measure, Appointment or Topic:	SB1154

I oppose HB1154 vehemently. This is yet another example of unnecessary overreach of government, leave us alone. Property owners have been managing and spending their own funds to ensure we have safe water. For the state of Oregon to try and step in to manage our water and monitor or charge for water is unlawful based on property ownership rights and will be taken to court. if you want to manage water manage those on city water and charge them more for your services to provide safe water. Bring an army if you try this on my property.
