Wildfire

Measure, Appointment or Topic: SB1154

I oppose this measure. Unless the state reimburses my family for the total cost of putting in the well and all money that was and will be spent to maintain this well I do not see any reason whatsoever that the state has any rights have any say about the well or the water that comes from it. The state of Oregon is getting ridiculous in its grab for power and money. At this pace Oregons elected officials are going to make Oregon nonexistent because people and businesses can't afford to be here
