

Submitter: Robert Hafer

On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or Topic: SB1154

Practically speaking, this is an exercise of eminent domain – what right does the legislature have over the very thing that makes private property possible – water! Are you going to tax the rain that falls from the sky next?

This proposed bill not only violates the right of personal property, but most likely ignores existing water right covenants.

I'm Unequivocally oppose to this bill.
