On Behalf Of:
Committee: Senate Committee On Natural Resources and
Wildfire
Measure, Appointment or Topic: SB1154

The government or marion county never gave me any funds when my Well dried out fifteen years ago.

I had to contact a company to go and drill a brand new WELL for me. My family had no water for about three weeks or so. There were some never any help or a assistance while, trying to handle no water at my home.

I've paid my property taxes my home taxes..
.I have never received a break on my property taxes. Due to brand new well on my property.

I have maintain my welll.I've paid out a pocket to maintain it. About five years ago or so, the water pressure was down.I paid to maintain that and get it fixed. As well, I have no help from the government or any tax breaks.

There is no reason that government should be taking over our wells.Our private wells.

You have not contribute to anything on our properties.
