Measure, Appointment or Topic: HCR3

From Phil in support of Brian Druker Resolution:

I am fully supportive of your resolution honoring Dr. Brian Druker.

Brian Druker was recruited to bring top quality to OHSU which was being spun off from the University of Oregon under the leadership of Dr. Peter Kohler. For 20 years Dr Druker has led the fight to cure cancer, giving the state a unique and very valuable resource. He has been nominated for the Nobel Prize twice for his invention of the drug Gleevac, which has been the break thru drug in Leukemia cures. He has also hired several outstanding researchers in making the Knight Cancer Institute one of the nation's very best cancer research centers.

Dr Druker is an amazing resource for the state, more important than Mt. Hood or Crater Lake.

Phil Knight
