

Submitter: Marty Johnson

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB149

I am writing to support Refugee Resettlement's efforts to help transition new people to our country who urgently need case management and help integrating into our community. I have worked as a volunteer with immigrants. Most have experienced trauma and need help with all phases of making this their home. Befriending them and learning about them and their culture has enriched me and will enrich our community.
