Measure, Appointment or Topic:

SB1054

I do want the county clerks to have live videos for or be made available for review to us. These feeds should be of the rooms that the ballots are tallied in and our official ballot drop off sites. My vote is yes I want this for our free and fair and transparent elections.

Quote from above.

"each county clerk in this state to provide a live video feed to be made available to the public through the Internet of rooms in which ballots are tallied and official ballot drop sites".
