

Submitter:	Jennifer Abercrombie
On Behalf Of:	All Oregon Landowners
Committee:	Senate Committee On Natural Resources and Wildfire
Measure, Appointment or Topic:	SB1154

SB 1154 is well-intentioned. It comes in response to a serious state of emergency that is unfolding in Eastern Oregon, and is intended to build off state agencies' existing authority.

Unfortunately, much like SB 762, the massive 83-page bill has three sections buried in the middle of the bill that target innocent property owners and stands to hurt the very people it's supposed to protect.

I oppose the bill as written and I ask the Legislature to REMOVE Section 17 and Section 19 from the -1 version of the bill!

Hopefully, with some honest work, this can eventually get to something landowners are willing to get on board with.

Thank you for your time and consideration,
