

Submitter: Barbara Gordon

On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or Topic: SB1154

After reading SB 1154-1, I am concerned about two sections of the bill and want them stricken from the bill: Sections 17 and 19.

I believe these sections are over reaching and can lead to even more homeless families. And as such, do nothing to actually clean up the polluted water.

Additionally, by legally preventing families from living on their property, you in effect can argue that “see? No one is affected by this polluted water right now so we can delay fixing the problem.”

There are already statutes in effect giving the government ways to clean up the polluted water. Please exhaust those remedies and use them efficiently before dreaming up more ways to make property workers suffer.

Thank you
