

Submitter:	David Wall
On Behalf Of:	Mr Oregon OPPOSES SB 1193
Committee:	Senate Committee On Education
Measure, Appointment or Topic:	SB1193

I OPPOSE [SB 1193].

There is the argument [SB 1193] will destroy armature sports.

There is an argument [SB 1193] will destroy athletic scholarships once a student athlete accepts the slightest measure of compensation and or consideration(s).

There is an argument the student-athlete is entitled to compensation and or consideration(s) for the use of His/her likeness for a variety of projects.

Allowing student-athletes to receive compensation and or consideration(s) will not be equal to all student-athletes.

[SB 1193] will undoubtedly create funding problems for Title IX obligations.

David S. Wall

Mr. Oregon Concurs and says, "What happens if the student-athlete is injured and can no longer perform, who pays for the rest of His/her education?"
