Measure, Appointment or Topic: SB149

SB 149 would improve access to essential support services for newly arrived immigrants and refugees in Oregon.

The goal is to make sure that when someone new arrives in the state, they can quickly connect to the help they need, which includes emergency housing, school enrollment, and healthcare, so they can begin building stable, productive lives in their new communities. This makes us not only an ethical community but also a safer one.

SB 149 helps ensure that no one falls through the cracks during one of the most vulnerable times in their life and it strengthens the systems that make Oregon a welcoming place for all.

Please pass this bill and be a part of making our home a welcoming and safe place.
