Measure, Appointment or Topic: SB1177

It is no surprise the people think that Oregon is a socialist state. Again and again, the kicker has not been refunded to taxpayers. SB 1177 attempts to justify this taking by naming wildfire response as the need. There will always be something else which will be called a need, but the fact is that there is a failure to actually spend tax revenue wisely. In fact, wildfires occur locally. Wildfire response and prevention is performed locally. Local tax revenue should be spent on wildfire response and prevention.

Please oppose SB 1177.
