The state of Oregon continues to push to take total control over its citizens. The state pushes to strip rights and freedoms from the people that reside here. I own the property my well is drilled on there is nothing stating in any statute that I do not own the water below my feet or the depth of the land I own. I paid for the well I paid for the property it is mine and not for the state of Oregon to try to rob me of. Get it together in Salem represent the people not wealthy beaucrats agendas.
