Committee:

Senate Committee On Education

Measure, Appointment or Topic:

SB306

I support SB 572 and the development of programs for students with disabilities at PSU and Oregon Community Colleges. Working with students at a Community College I see again and again young people who want to find a way to learn and develop skills for the workplace, but there is no structured method of support. It is the right thing for we as a state to support programs to assist our most vulnerable individuals find ways to expand their capabilities. Please support this effort.
