

Submitter: D BW

On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or Topic: SB1154

To Whom it May Concern:

After carefully reading and reviewing HB 1154 we would like to respectfully state that we find ourselves in opposition to this Bill. We have lived on our current property in Junction City Oregon for 30 years with our personal well as our only water source. We bought here by choice and feel that to have a Meter installed on our usage would be intrusive and restrictive. We do not want to see our Beautiful State go the way of Nevada who we understand has Well Meters, or Colorado where people cannot harvest their rainwater for personal use but must allow it go into the Aquifer. We feel these policies are blatant Government Overreach.

Thank you for accepting our comments concerning Bill 1154.
