

Submitter: Jane Snyder

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB149

As a Quaker, I affirm that of God in every person. We are all immigrants. Our nation is a nation of immigrants. Each individual has the need for food, clothing, shelter, medical care and education. People need to be free from fear of arrest, imprisonment and deportation. Children need to know that their families are safe. As we as citizens consider regulations, ask ourselves how we would hope a given law would affect our own children.
