Measure, Appointment or Topic: SB1154

I vehemently oppose this bill. You have no right to come to my property and meter my water from a well thst I maintain and pay for. This is yet another tax that Oregonians cannot afford and an invasion of our privacy and self sufficiency. You all won't be happy until you have taxed us to the poor house and can fully control our lives. This is absolutely a disgrace to your constituents. You will literally push people out of their homes if decide we must pay for upgrades to meter our wells and by upgrade I mean control.

Oregonians CANNOT AFFORD this.

Hands off our water
