Senate Committee On Judiciary

Measure, Appointment or Topic:

SB149

I support this bill and urge you to support it as well. Currently, individuals in the city are banding together to support asylum seekers who do not receive needed resources based on their status. You have the ability to open up the channel of funding and access to those who don't qualify by the federal definition of refugees but who are in the same boat of instability. Thank you for your time reading this testimony and I hope you support this bill.
