Dear Senators,

My name is Chloe Carothers-Liske. I am a student at the University of Oregon School of Law. I worked as a legal assistant at an immigration law firm before coming to law school and aspire to become an immigration attorney. Considering the current presidential administration's draconian stance on immigration policy, it is of critical importance that state governments do all that they can to combat these harsh policies and come up with humane solutions that effectively balance all issues when it comes to immigration. A comprehensive understanding of the immigrant community in Oregon and immigration in general is critical to developing effective policies to support the immigrant community in our state.

Thank you!
