

Submitter:

Deborah Gouveia

On Behalf Of:

Committee:

Senate Committee On Energy and Environment

Measure, Appointment or Topic: SB1187

I oppose bill SB1187. There already are taxes given to this. Putting NGO's in a position to waste and abuse the taxpayer money is wrong. Just look at what DOGE is uncovering at the federal level. There are other more important problems facing Oregon that are in need of addressing. The people of Oregon need to be represented , not special interest groups with their own agenda.
