

Submitter: Nancy Bray

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB149

As a retired public school teacher with 40 years of experience, most of those years in the field of English Language Development, I strongly support SB 149. It will expand the definition of immigrants who are eligible to receive state-funded case support; enable more organizations to receive funds to case manage, rehouse, and otherwise support newcomer families in our state; and allocate funds toward these purposes. This would mean a path to stability for hundreds of newcomer families. These hard-working families need and deserve our support.
