On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure, Appointment or Topic: SB1187

I oppose this bill. We do not need to make government bigger for one thing. This is just a way to create more laws and greater bureaucracy. Secondly the best way to take care of the environment is to actually manage it responsibly, for example the forests which have been allowed to become overgrown and a fire danger. Also I am frankly tired of paying all the fees and taxes. Streamline this bloated Oregon government. Thank you.
