SB1015

Thank you for giving me the chance to voice my opinion on SB 1015. I noticed during public testimony that a special interest group from Mom's demand action that is a very well funded group out of Lafayette , Louisiana with a chapter in Oregon, and all of their members in matching shirts and preapproved written statements from the head of mom's demand action. This tells me that some of you on this committee are members of mom's demand action and some of you owe them. I hope that everyone of you remember your oath that requires you to do the right thing for your county and your state, and not your party or special interest group that helped you get elected that doesn't even have a headquarters in Oregon. I would hope that the grants for gun control actually get used for pushing for longer prison sentences for gun crimes and gang violence. Making laws that only law abiding gun owners will follow. Bad people doing bad thing don't follow laws and background checks. Thank you.
